

Chris Reilly

Why I love working with WorldStrides Canada

I love the personal service that WorldStrides Canada provides. I don't feel like a number or just another client, I feel like I am truly cared about.

A snapshot of my teaching career

I have been teaching all levels of high school science, specifically Chemistry, for the last 19 years.

My favourite hobbies

I love coaching basketball, hiking, cooking, and watching movies.

A WorldStrides Canada trip to remember

I would have to say travelling to the Galápagos Islands. It was truly a once-in-a-lifetime experience that I'll always remember.

What inspires me to organize educational tours

Sharing with students that there is so much more to the world than our little piece of it. It's a great way to inspire them to want to explore more and expand their horizons.

Why I can help you lead a successful educational tour

My great organization skills and my passion for the job.

My all-time favourite travel story

One of my most memorable stories is while moving from one island to another in the Galápagos, our boat broke down—we were floating along the Pacific Ocean waiting for a working boat. That was an experience I'll never forget!

Location

Chilliwack, British Columbia

Language

English

Commonly used travel provider

Explorica

My favourite subjects & interests

Math and Science

My bucket list travel destination

Chile and Argentina

My favourite international food

Japanese, particularly sushi

My favourite travel destination

Galápagos Islands
