My bucket list travel destination

The Pyramids in Egypt

My favourite international food

Shrimp fried rice...Thai style!

My favourite travel destination

France

Jazz Mathon

Why I love working with WorldStrides Canada

I'm happy to have made the switch to WorldStrides Canada after previously working with a competitor. WorldStrides Canada has much better offerings, and my experiences so far have been unbeatable!

A snapshot of my teaching and student travel career

I began teaching in 2008, and have worked at École secondaire publique Odyssee in North Bay, where I've spent my entire career!

My favourite hobbies

Collecting Legos! My company, "BrixToyz", encourages kids to get into the fun of building Legos by joining our camps or renting Lego sets from our growing stock.

A WorldStrides Canada trip to remember

Last year, I embarked on an unforgettable 11-day journey through Greece and Italy. We maximized every moment, even turning a full-day layover in London into a bonus adventure. To top it all off, our Tour Director was the absolute best I've ever had on any overseas trip!

What inspires me to organize educational tours

Travelling around Europe as a student ignited my passion for meticulously organizing educational tours that create lasting memories for my own students.

Why I can help you lead a successful educational tour

I have a great deal of knowledge about other cultures, and I can easily adapt to changing environments.

My all-time favourite travel story

In 2001, I participated in the Festival des San Fermes in Pamplona, Spain. Running with the bulls and surging the arena with the entire crowd was the most adrenaline filled experience of my life!
