Why I love working with WorldStrides Canada

Explorica has always treated me fairly and acquiesced to my requests. I have never had a desire to shop around.

A snapshot of my teaching career

I've been primarily teaching high school Humanities since 2000.

My favourite hobbies

Farming, playing music, building cars, and DIY projects around my farm.

A WorldStrides Canada trip to remember

I've never had a bad one—they've all been great, and I've been on a lot! Loved Paris and Germany, China was fun too. My students loved Scotland, and Spain was definitely interesting as well.

What inspires me to organize educational tours

I enjoy opening up the world to students and letting them experience different cultures. Helping others catch the travel bug is so satisfying for me.

Why I can help you lead a successful educational tour

I have great interpersonal skills, a relaxed nature and enjoy seeing the world, and an excitement that creates joy for others.

My all-time favourite travel story

Our trip to London. Emerging from the tube at the Piccadilly Circus, my students were overwhelmed with the amount of people we wandered into—it was packed. The look of concern and uncertainty at that time, compared to how they were enjoying London and its bustle only a couple of days later, made me chuckle. That is why I do these tours, to help students overcome their fears and become more comfortable travelling.
